### RESIDENT SUPPLY

Open new revenue streams and offer your residents and their families convenient access to the personal care products and supplies they need, without interfering with your daily operations.

### 360CONSULT

Control your bottom-line with reporting and analytics that give you clear visibility into your supply spend by resident, by floor or building, and by product line, delivered with actionable recommendations.

### ADVANCED TECHNOLOGY

All of our systems run as stand-alone solutions in the cloud, or in full integration with your EHR to ensure your operation is simple and effective.
